October 12, 2021

To all KMDSI Technicians in U.S.

Effective December 31, 2021 Dive Lab will no longer be granting extensions and will require renewal at normal intervals due to no travel restrictions in the U.S., and Training Centers are open/operating at normal capacity.

We strongly urge KMDSI Technicians to get their re-certifications prior to December 31, 2021. This allows over six months to re-certify. All extension requests in the U.S. after December 31, 2021 will be denied.

To all KMDSI Technicians outside of Continental U.S.

Effective Immediately Dive Lab is continuing granting Technician extensions to those who were not able to attend a re-certification class prior to the expiration date, due to COVID-19. The extension will cover all Technicians through March 31, 2022.

Please check divelab.com website regularly for any new updates regarding extensions outside of Continental U.S.

We will not be issuing individual extensions. This letter will be used as your official extension.

For any further questions please contact dive lab directly at divelab@divelab.com or call us at 850-235-2715.

Sincerely,

Mike F. Ward
President
